

Costain Group

Costain Group Leverages Global Best Practice and Collaboration to Achieve Goal of "Being Number One"

"Oracle's Primavera solutions maximize our ability to deliver projects more efficiently and more reliably, on schedule, on budget, and with the intended payback." - Phil Budden, Planning Systems Deployment Manager, Costain Group
Challenges-- Streamline collaboration between globally dispersed teams of partners, associates, and subcontractors working on multiple projects undertaken by Costain's diverse operating entities.-- Maximize business efficiency and excellence to sustain double-digit growth in profit and revenue through 2010 and beyond-- Enforce rigorous, best-practice,

Brief Overview

A leading UK construction company, Costain Group has been associated with some of the world's most challenging projects. Winner of the major contractor of the year award from New Civil Engineer for the second time in 2009, Costain's pretax profit grew by 17% in that year. The company also won the Construction News 2009 quality award and achieved a record increase of orders, 25% in 2008, and further increased orders by 20% in the first half of 2009.
